

**About the doctor's certificate:**

This certificate is mandatory for all passengers from 65 years upwards.

Passengers under 65 years of age don't need a medical certificate, but they confirm with their signature on the passage contract ticket, that they are healthy and without bigger handicaps for a voyage without doctor on board.

It must not be issued earlier than 30 days before sailing (naturally it would be good to proof the fitness before booking a voyage)

If there is any alteration in the state of health between issuing the certificate and beginning of the voyage, a new certificate has to be issued.

Diet cooking is not possible on board of cargo vessels.

There is no elevator on board of freighters therefore passengers have to be able to climb stairs over several storeys.

Please send this certificate well in good time before sailing to your travel office where you booked this voyage or directly to:

Medical Certificate

Vessel's name: _____
Departure approx.: _____
Passenger: _____
Date of birth: _____

Herewith I confirm, that above named passenger is free of any bigger handicaps and can walk well.
From my side there are no objections against the planned voyage on board of a cargo vessel without a medical doctor on board.

This certificate must not be issued earlier than 30 days before sailing.

Date

Signature and stamp of doctor
