

# HEALTH, TRAVEL AND CANCELLATION INSURANCE

At Bark EUROPA we are the experts at providing our voyage crew with an incredible, memorable and adventurous time on board. During your time on board it is important that you have a health and travel insurance. Due to the many differences worldwide we can not give you individual advice. Therefore we have crafted this guide, to inform you what your insurance should cover. We advise you to get in touch with a local insurance consultant.

## HEALTH & TRAVEL INSURANCE

On board EUROPA you will need health insurance and travel insurance which includes the following:

### Medical Evacuation Coverage:

Minimal coverage of 200.00 USD for a medical evacuation from the ship to the mainland and onwards to your home country.

### Medical Costs

Please make sure that you are covered for any medical emergencies, hospitalization and medical help in a foreign country, doctors visits etc.

### Covered when at sea

Not all travel insurances cover sailing trips, please make sure that your insurance covers you **when at sea**. Please keep in mind that in almost all cases you will travel more than 20 nautical miles from the coast.

### Full duration of your trip

Please make sure you are covered during the **entire duration of your trip**, meaning from the day you leave your house until you arrive back home.

### COVID-19

Please make sure that your insurance covers all COVID-19 related cases. From hospitalization in a foreign country, to all medical help and evacuations related to COVID-19.

## CANCELLATION INSURANCE

A cancellation insurance is *not mandatory* but we do advise getting one. A cancellation insurance will cover your voyage fee if you need to cancel the voyage due to unexpected personal circumstances. Please make sure to arrange this insurance as soon as you have received your Booking Confirmation.
