**For your embarkation please report to the Security gate at the terminal between 16:30 and 18:30.**

The local agency asks you **not to show up before 16:30 \***

You are obliged to wear fluorescent/**safety vests** on the quay, so please bring your own vest with you (i.e. the one you have in your car).

**Passengers are not allowed to walk on the terminal on their own for safety reasons.**

## **Passengers arriving by their own car:**

After you have registered at the Scheepvaartpolitie, you can proceed to the Security Gate. It is possible to park the car at the Stevedores' office. You can ask for it at the security gate at the terminal and they will show you the way. After parking the car please do not walk to the vessel on your own. Please ask at the office if someone can escort you.

We have to inform the security to let you in, therefore please send us the following data in the week before your departure:

- Brand of car
- license number

If you plan to drive through the city center of Antwerp, please be aware of the regulations for the low-emission zone. You have to register your vehicle for entry here:
