PITCAIRN ISLANDS

DESTINATION OVERVIEW

ABOUT PITCAIRN

The Pitcairn Islands Group forms the UK's only Overseas Territory in the vast Pacific Ocean. With a total population of 50 residents and located near the centre of the planet's largest ocean, the isolation of the Pitcairn Islands is truly staggering. The island group lies around 2,200 km from Tahiti, 2,100 km from Easter Island, and over 5,000 km (approximately the distance from London to New York) away from both New Zealand and South America.

Highlights of a Pitcairn visit include:

- A legendary sea voyage
- Stargazing in Mata Ki Te Rangi , meaning 'Eyes To The Sky', International Dark Sky Sanctuary
- UNESCO World Heritage Site, Henderson Island
- Exploring the third largest marine reserve on earth
- Firsthand insight into living history and culture

HOW TO GET THERE

GETTING STARTED

The journey to The Pitcairn Islands is very much a part of the Pitcairn Islands travel experience. Your travel plans should allow plenty of time for connections en route. Firstly, you need to get them to Tahiti in French Polynesia. Generally they will need at least one night in the capital, Papeete, prior to flying on Air Tahiti's Tuesday flight to Mangareva. We recommend at least two or three nights – just in case of delays.

Air Tahiti operates the only domestic flights to and from the island of Mangareva in the Gambiers, where the Pitcairn Islands Passenger/Supply vessel, MV Silver Supporter is anchored. All Silver Supporter voyages are scheduled to correspond with the airline's Tuesday flights between Papeete (PPT) and Mangareva (GMR). The flight leaves Papeete around 8.00am in the morning and lands at Totegegigie Airport, located on an islet in the lagoon at Mangareva, around 1.30pm that same day. From the airport passengers take the 35 minute shuttle boat across to Rikitea village where they are met at the wharf by Silver Supporter crew and transferred to the ship.

The shuttle boat is anchored right next to the departure area at the airport. There is no need to book a seat but passengers need CFP 1000 cash to pay for the trip, each way, as it is not included with flights. The Silver Supporter departs Mangareva around 4.30 - 5.00pm Tuesday afternoon. Passengers spend 2 nights onboard and arrive at Pitcairn around dawn on Thursday. Effective from 2020, MV Silver Supporter, will operate around 24 services per annum. This allows a minimum 4 day stay on the island. Travelers wishing to stay longer can arrive on one rotation and depart on another.

The return journey leaves Pitcairn on Sunday afternoons, arriving back at Mangareva early Tuesday morning. On arrival you will clear customs and immigration and transfer back to the airport via the shuttle boat. The Air Tahiti flight arrives back into Tahiti late Tuesday afternoon.

MAKING FLIGHT BOOKINGS

International Flights to and from Tahiti

The main airline flying to Tahiti is Air Tahiti Nui (TN) (www.airtahitinui.com) with flights into Papeete, Tahiti (PPT) from Europe (Paris); North America (Los Angeles); Japan (Tokyo); New Zealand (Auckland) and New Caledonia (Noumea).

Other airlines serving Papeete include:

- Hawaiian Airlines (Honolulu)
- Air France (Paris and Los Angeles)
- LATAM Airlines (Santiago and Easter Island)
- Air New Zealand (Auckland)
- United Airlines (San Francisco)
- French Bee (Paris and San Francisco)

Domestic flights between Papeete (PPT) and Mangareva (GMR)

Air Tahiti (different airline to Air Tahiti Nui) (VT) (www.airtahiti.com) operate a round trip flight every Tuesday from Papeete to Mangareva. Flights are hosted in most CRS or booked through your preferred Tahiti inbound agent.

BOOKING THE MV SILVER SUPPORTER TO PITCAIRN

Step 1:

Check sailing dates. Due to limited capacity we recommend alternate dates be considered prior to sending a booking request. We also recommend you check flight availability, especially for the Tuesday flight between Papeete (PPT) and Mangareva (GMR) with Air Tahiti (VT).

Step 2:

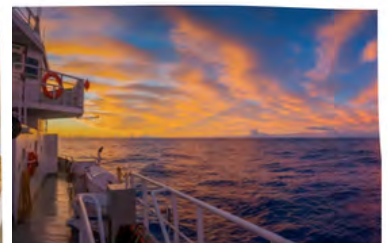

Have the following information on hand prior to sending a booking request:

- Your full name/s as per passport
- Your postal / billing address/es and contact details
- A copy of your passport photo page/s
- Your Air Tahiti flight confirmations
- Your Next of Kin contact details (full name and phone number)
- Your mobile phone number/s
- Confirmation of your travel/medical insurance i.e. proof of medical evacuation cover.

Step 3:

On receipt of your passport photo page/s we will open their reservation file. Your reservation will be secured when all required information has been received. We will then issue an invoice for payment in full. All visitors to Pitcairn Island are required to pre-pay their NZD\$100 landing & passport fee. This will be included in the invoice for payment.

Accommodation can also be pre booked and invoiced via the Pitcairn Islands Travel Coordinator. E.Tickets for the Silver Supporter will be issued upon receipt of full payment.

SHIP OVERVIEW

The Government of Pitcairn Islands' chartered freighter, the MV Silver Supporter, has recently been refurbished in 2019. The vessel provides travelers with all they need for a reliable, safe and comfortable voyage to Pitcairn and her other islands.

Fully air conditioned and attractively appointed, the Silver Supporter accommodates up to 12 passengers in 6 spacious twin share cabins, each with ample storage, a private ensuite and separate office/lounge area. Daily meals are provided in the shared dining area, where guests will dine with their fellow passengers. The MV Silver Supporter also boasts a comfortable lounge for socializing and relaxing with fellow passengers.

If the vessel is fully booked, we cannot guarantee that an individual traveller will have a cabin to themselves. If you are prone to travel/sea sickness please ensure they have appropriate medication with them so as to make their voyage as comfortable as possible.

PITCAIRN ISLANDS

FAQS

FREQUENTLY ASKED QUESTIONS (FAQS)

Where are the Pitcairn Islands?

The Pitcairn Islands are located in the South Pacific, half-way between New Zealand and Peru. They are situated approximately 2,300 kms south east of Tahiti in French Polynesia. There are 4 islands in the Pitcairn Islands Group, Henderson, Oeno, Ducie and Pitcairn. Of the 4 islands only Pitcairn is inhabited.

How many people live on Pitcairn Island?

There are around 50 permanent residents living on Pitcairn, most of whom are descendants of the Mutineers from the HMAV Bounty and their Polynesian consorts, who settled on the island in 1790.

Where can I stay on Pitcairn Island?

Most accommodations on Pitcairn Island are Homestays. Guests can enjoy a full Pitcairn home stay experience - sharing all meals and amenities in the home of a local family, or they can opt for a semi private or private studio unit with optional shared meals or self-catering. There are also a couple of private 2 or 3 bedroom houses available for small groups. Homestay rates cover all meals, transfers and laundry with prices ranging from US\$100.00 - \$250.00 per person / per day depending on location, amenities and catering requirement.

PITCAIRN ISLANDS

FAQS (CONT.)

What currency will I need?

Pitcairn Island's official currency is New Zealand Dollars (NZD), although United States Dollars (USD), and to a lesser extent, French Pacific Francs (CFP or XPF) are also accepted. The Government Treasury is open 3 days a week where credit card cash draw-downs and foreign currencies can be exchanged.

What services are available on Pitcairn Island?

There is a General Store, Post Office and Government Treasury Office in Adamstown, all of which open on Tuesdays, Thursdays and Sundays between 8.30 am and 10.30 am. This means they are generally open the morning visitors arrive at Pitcairn, which provides the opportunity to stock up on any essentials, buy some postcards and exchange currency. There is also a Health Centre with a full-time Doctor and community Nurse. And, The Pitkern Artisans Gallery also opens when visitors are ashore. International telephone and wifi internet services are also available. More information can be found at www.visitpitcairn.pn

How fit do I need to be to visit Pitcairn Island?

Being physically fit and aware of one's limitations is important when considering Pitcairn as a travel destination. If prospective visitors have recently experienced injury or illness they should ensure they have been granted medical clearance before making travel plans. If prospective visitors take regular medication they should consult their doctor to seek additional supplies to more than cover their proposed travel period. Given the isolation of the Pitcairn Islands all travellers are required to have travel medical evacuation insurance cover.

PITCAIRN ISLANDS

FAQS (CONT.)

Are there accessible facilities available?

No. Pitcairn is a remote destination and whilst this is a major attraction, there are also limitations and risks that differ from less remote areas of the world. Visitors to Pitcairn Island need to be able to ascend and descend steep stairways on a moving vessel (Silver Supporter), transfer from the ship, via a Jacob's ladder, to a longboat to get ashore, with ease. Visitors should be able to use the bathroom and other facilities without assistance.

Can I buy souvenirs?

Pitcairn Islanders still practice traditional carving and weaving skills. These and a large range of curios and other souvenirs are available for purchase from local markets and the Pitkern Island Artisans Gallery.

What clothing should I bring?

Dress on Pitcairn is casual. Clothing for a sub-tropical climate is appropriate.

Your Next Trip? It's Written in the Stars

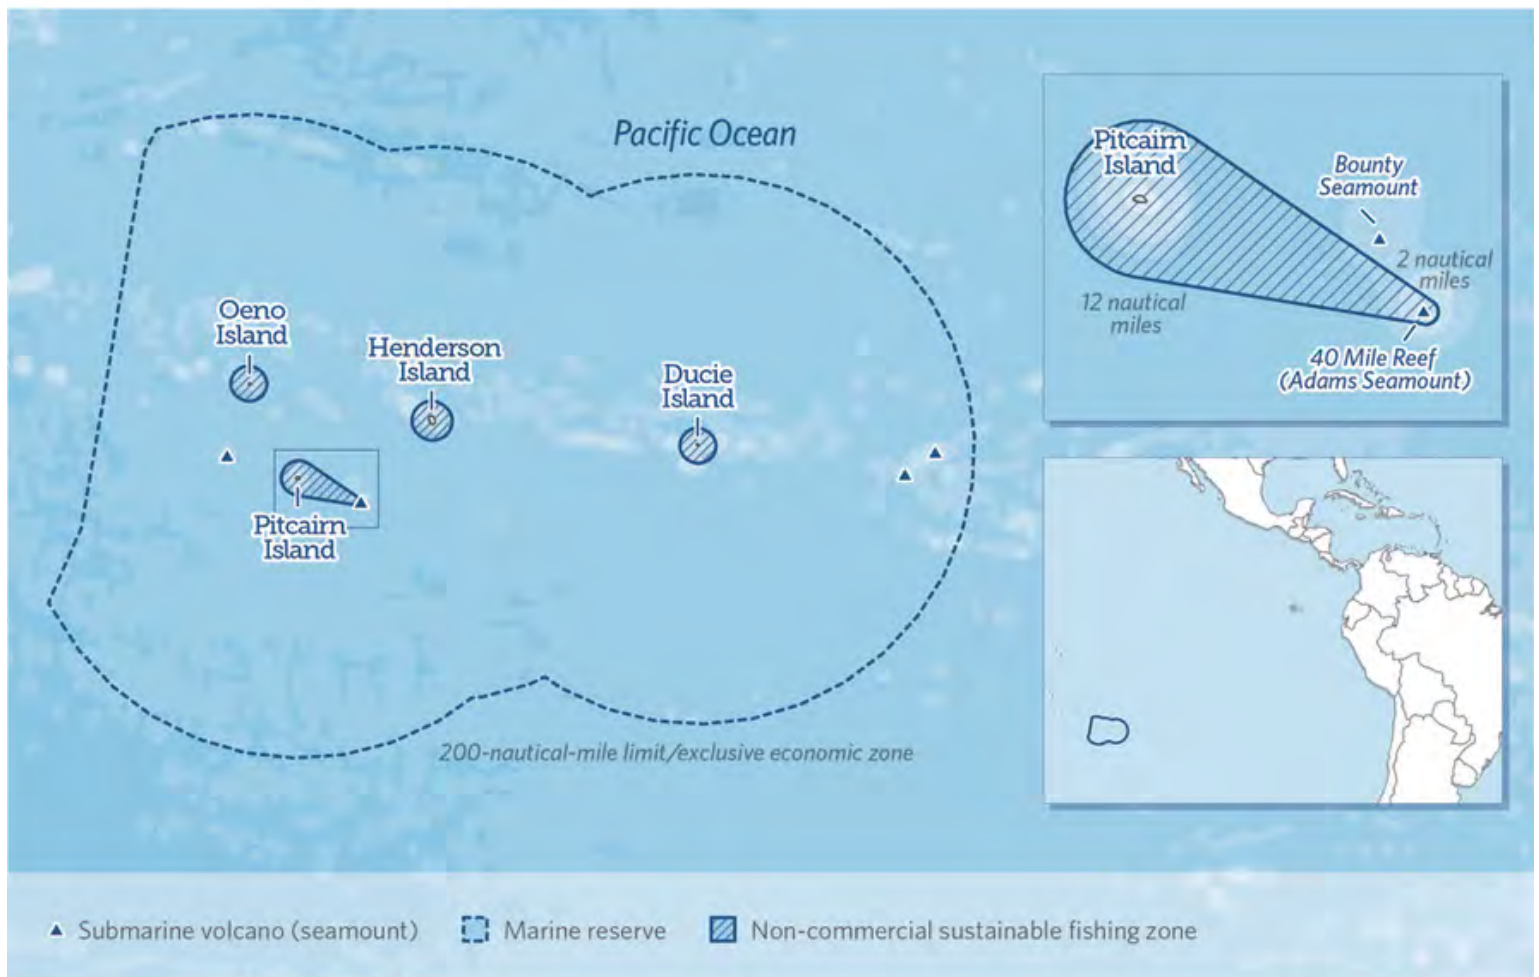

Resorts, parks and attractions in the United States, Canada, Mexico and beyond are expanding the galaxy of what has become known as astrotourism.

In its 30-year history, the association has designated more than 90 International Dark Sky Parks in protected areas, such as the Grand Canyon National Park International Dark Sky Reserves, about a dozen presently, have protected land at their center, such as a national forest, and municipalities in their buffer regions that have agreed to reduce light emissions. Its four International Dark Sky Sanctuaries tend to be remote; Pitcairn Islands in the Pacific, for example, has applied for sanctuary status.
